What is the Transit Mobility Alliance User Conference?

The Transit Mobility Alliance User Conference will bring together the community of clients surrounding **FASTER** Asset Solutions, **Passio**, **Ecolane**, **TripMaster** by CTS Software, **Vestige**, **ArgoTrak**, and **MJM Innovations** for four days of collaboration, education, and partnership. This conference is designed to provide numerous learning opportunities for clients in addition to networking opportunities with hundreds of top-performing fleet and transit professionals across the U.S.

Transit Technologies provides best-in-class mission-critical software, hardware and services to organizations of all sizes to digitize fleet operations and drive improved cost, compliance and customer service. Transit Technologies is the proud parent company of the organizations that make up the Transit Mobility Alliance.
