

The Challenge

- 1.5 Million Trips A Year
- 87 out of 114 Counties Statewide
- 650 Employees
- 8 different office locations with 8 different servers, wanted one system
- Training 600 drivers
- Wanted migration off of paper manifests to a comprehensive digital system that could update to meet demand automatically
- Prior to Ecolane, did not know their productivity gains and potential system efficiencies

The Solution

- Ecolane Advanced Reporting Functionality
- MDTs provide for paperless solution, saved the agency time, money, and peace of mind
- Cloud based connectivity, eliminated on site servers
- Forms and printing logs eliminated expenditures, saving staff time
- As a nonprofit, (501c3), always looking for best cost-effective solutions
- 8 weeks of driver training, 360 hours of driver training in person
- Unlimited access to Ecolane University
- Ability to schedule and dispatch while working from home, which helps agency run more efficiently

"Paperwork has always been the number one complaint of our drivers. With Ecolane, much of that is eliminated and they can now focus on what they do best – driving."

- Dorothy Yeager
OATS Transit Executive Director

The Results

Increased Rides Per Hour from 1.9 to **2.7 RPH**

Operational Efficiency Increase of **42%**

OATS Transit is the Largest Rural Transportation Provider in the Nation, operating over 800 vehicles.

“Everyone is integrated into the same system. It has been a great transition and we are looking forward to the future and what this software can do for us.”

- Jill Stedem, CCTM
Administrative & Development Director
OATS Transit
